STANFORD, KY., FRIDAY, OCTOBER 26, 1906.

NO. 64.

JUDGE S. W. HAGER.

Hon. S. W. Hager, candidate for governor, spoke here Wednesday afternoon to a well filled court house. He was presented in a well-timed and enthusiastic speech by Mr. W. S. Burch. Judge Hager opened by paying a glowing and eloquent tribute to the Republic and the State of Kentucky and said that both should be controlled by the democratic party. Kentucky was turned over to the other fellows for four years, at the end of the time there was a bonded debt of four and one-half million dollars and a tax rate of 52 1/2 cents. Since the democrats have been in charge the tax rate has been reduced and the bonded debt wiped out. The people of Lincoln county have heard one of the candidates for governor, Gen. Hays, but the speaker was sure that they were too just and magnanimous to make up their minds until they heard him also. In giving an account of his stewardship, Gen. Hays had told nothing he had done and had only told in part, and that distorted, what others had done. The speaker was here to tell the whole story correctly. Hays charges that the State Board of Printing Commissioners, of which the speaker was a member, had paid \$25,264.84 for teachers' registers, while the work was not worth exceeding \$3,000. This was true, but the printing had been classified by law and Attorney General Pratt, then in office, decided that the school supplies belonged to the class to which the commissioners assigned them and it was the fault of the law, and not the commissioners, that the charge was what it was. The matter was investigated by a Legislative committee unfriendly to the commission, who reported that the commission had acted in strict conformity with the law and that the work was done in substantial compliance with the contracts and with law. Hays had taken the matter into court and lost his case. Hays himself, is a member of the Printing Commission and out of 47 meetings has been present eight times. The Capitol Commission is composed of the same members as the Printing Commission. None wanted the additional work, but only Hays refused to do it. He has been absent from 52 of the 75 meetings. The commission advertised for architects and that no one's claim would be considered unless he appeared before the commission in person. Hays charges that the commission employed an architect at \$40,000 when one Myers could have been had at \$16,000. Myers never at any time appeared before the commission and his claim was not considered. He is a man 80 years old and all of his work of any importance has had to be remodeled. He "fell down" on the Texas capitol and was detected trying to swindle that State out of \$25,000. None of the States that have built capitols in the last 25 years have had architects whose bills were as small as ours. The little State of Rhode Island paid \$118,000. Hays charges that \$124,000 was paid out for attorney fees by the auditor. His list includes \$71,000 paid to Calhoun and fees contracted for by Taylor, Bradley and Coulter. None of them

were contracted for by the present administration and the speaker filed a demurrer to the indictments. Hays blamed the speaker for requiring State College to pay a fee to get the appropriation from the Legislature. He had refused to pay on Hays' advice. However, Hays had never given an opinion that the court of appeals did not reverse. Hays says if the people will elect him, he will, like Folk, of Missouri, put a lot of fellows in stripes. Folk put them in stripes while State's attorney and Hays is sadly neglecting his duty now if any of the "gang" deserves stripes and he fails to furnish them. Now is the time to do his duty. The speaker denied that he was the candidate of the machine or of any set of men or that he was in combination with any one. Neither is Hays. No candidate would combine with him. He is the candidate of the republicans and disgruntled democrats. Hays says it costs more to run the State than it did 10 years ago. Of course it does. The State is growing and increasing in population. Additions have been made to the asylums, the school fund has been increased, a Confederate Home has been built and an appropriation made for the St. Louis Exposition and Children's Home. The speaker is in favor of making the State College the equal of any in the union and also the common school system the equal of any in the land, and if necessary, to increase appropriation to the Confederate Home. Hays says he leaves his party like Ruth did Naomi. On the contrary he leaves it like Brutus did Caesar—always stabbing it in the back. With an eloquent appeal to support Hon. Harvey Helm and not forget himself, the speech of two hours and 45 minutes, to all of which close attention was paid, came to an end. There is no doubt but what Judge Hager made many votes for himself here. His speech was liberally applauded and well received. He showed up with satisfaction generally, the charges made by "Uncle Napo" Hays. We confidently believe that old Lincoln will go for Hager and here's hoping she does, good and strong. There were a number of ladies present. Judge Hager spoke along the same lines at Hustonville in Alcorn's Opera House Wednesday night to a large audience, including many ladies, and his effort was well received by all who heard him. He was introduced in a very eloquent and complimentary speech by Attorney George B. Saufley, of this place. The crowd was very attentive throughout and his caustic arraignment of Gen. Hays' charges was liberally applauded. He showed up the falsity of them all by the official records. His speech was clean cut, manly, convincing and showed to the satisfaction of all that such a man as he is the proper one to be the standard bearer of the democratic party for governor. Judge Hager was very much pleased with his visit to Stanford and Hustonville and his friends claim for him the county on the 6th day of November against the chronic old grumbler and kicker, "Uncle Napo" Hays.

Result of Neglect.

In most cases consumption results from a neglected or improperly treated cold. Foley's Honey and Tar cures the most obstinate coughs and prevents serious results. It costs you no more than the unknown preparations and you should insist upon having the genuine in the yellow package. Penny's Drug Store.

CORNS CURED.—Corn Exit will positively remove corns in four days. The treatment is simple and pleasant and we absolutely guarantee to refund the money to each and every customer whose corns are not promptly removed with entire satisfaction. A bottle of this great preparation only costs 15 cents and nothing if a perfect cure is not speedily effected. G. L. Penny, druggist, Stanford, Ky.

KINGSVILLE.

Wm. M. Meeks will move the post-office into Thompson's new building Nov. 12th.

The Hart Hotel is badly in need of a good cook and one could receive good wages by applying to Mrs. John Hart, Kingsville, also a girl to wait at table, etc. Help is extremely scarce here.

Court was held here Saturday in the 2nd story of Thompson Bros. new building. We suggest that circuit court be held here until Stanford gets a new court-house.

Claude Hester, who is suffering from bullet wound in his breast, is resting fairly well and hope is entertained for his recovery. Dr. W. B. O'Bannon, of Stanford was here Monday. Dr. Thompson and Dr. Alcorn are the attending physicians.

Edmund Murphy and family will leave to-day for Celina, O., and Dr. C. M. Thompson will accompany them. Judge James P. Bailey and the Hon. Harvey Helm, of Stanford, were here Tuesday. County Attorney W. S. Burch was here Saturday also Hons. Geo. B. Saufley and T. J. Hill. Mr. S. F. Jones, Q. & C. superintendent of signals, was here Tuesday. Mrs. Walter is visiting relatives in Lexington and Paris. Master Joseph Walter is visiting his aunt, Miss Mollie Walter, in Stanford. Miss Maude Stroud, of Floyd's Switch, is with Mrs. Claude Hester, at the bedside of her husband. Mr. Clinton Hieronimus, Q. & C. engineer, was the guest of Mr. Wm. Lane. Russell Gooch continues very ill.

SULK.

Keep on sulking dear old boy.
Drives all the bright smiles away,
Let others their own sweet life enjoy.
But grim and sulky, you, endeavor to stay.

Go with a snarl on those pouting lips,
And a frown that's always deep and dark.

And if a friend approach, to give a hearty grip,
Turn away, as you give him a growling bark.

If a friend speaks to thee, in words sweetly spoken,
Answer their kindness, with only a grunt.

Or if their smile, at you, is a friendship token,
Give them an answer, very plainly blunt.

Don't never smile, or speak words of cheer,
Or laugh, with the soul's laugh of mirth.

For if you do, you'll create a great fear,
Of the millennium, striking this earth.

Sulk from the bright rosy tints of morn,
Sulk 'till the dark'ning shades appear.

It is sulk, sulk from the day you were born,
And you're reliable to sulk, when Gabriel's trumpet you hear.

Now dear reader don't take it amiss,
If you are inclined to be sulky.

But only remember, I intended for this
As a thrust at the person that's "Mucky."

If the person that sulks, could see himself,
As the world in general doth see him,

He would quit all of his foolishness,
And more true friends, I am sure he could win.

—Jack.

An Awful Cough Cured.

"Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She had spells of coughing, just like one with the whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy, which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Bussard, Brufaker, Ill. This remedy is for sale by Stanford Drug Co.

Henry E. Jones, of Tampa, Fla., writes: "I can thank God for my present health, due to Foley's Kidney Cure. It is a pleasure to recommend it to those needing a kidney medicine." Penny's Drug Store.

While no official statement is obtainable, unofficial information confirms the report that the President will appoint Attorney General William H. Moody, of Massachusetts, to the vacancy on the Supreme bench made by the retirement of Associate Justice Henry B. Brown.

Sick headache is caused by derangement of the stomach and by indigestion. Chamberlain's Stomach and Liver Tablets correct these disorders and effect a cure. The Circuit Court at Bellefontaine, O., handed down a decision which in effect ousts from the State of Ohio all the bridge companies that failed to surrender at the bridge trust hearing two weeks ago.

Capt. George Boynton was sentenced to six months in the penitentiary by the United States circuit court in New York for being a party to a plan to counterfeit silver coins of Venezuela for the purpose of financing a revolution in that country.

J. W. Henning & Co., the brokerage firm of New York, of which J. W. Henning, formerly of Louisville, is the sole member, suspended, but it is believed, Mr. Henning will be put on his feet again with the assistance of friends who will come to his aid. The failure is estimated at about \$1,000,000.

Few have an idea of the magnitude of the natural gas industry in this country. Statistics prepared by the geological survey show that during the year 1905 the value of natural gas produced and sold exceeded that of any previous year by \$3,066,099. The total value of the gas produced and sold was \$41,562,855.

In the guise of huggy driver for a white citizen, who sat at his side, Herman Thompson, a Negro assaulter, who had been kept in hiding by the authorities, reached the Montgomery, Ala., court-house without molestation from angry citizens seeking him. He hitched the horse and went to the court room, where he pleaded guilty and was sentenced to 20 years in the penitentiary, to which he was sent on a special train.

Hearing of charges that the Southern railway discriminates in furnishing cars to coal mines in the Middleboro district was begun by two members of the Interstate Commerce Commission at Knoxville, Tenn. One witness told of the close relations between the Manning coal concerns and the railway, and gave testimony about the holding up of cars from other companies by the railway. It was established that some officials of the road formerly held stock in the Manning companies.

After Mayor Weaver, of Philadelphia, had refused to take action on a protest of Negro ministers against the production of "The Clansman," blacks gathered in force in the vicinity of the playhouse. A riot call was sent in, summoning some 50 patrolmen. Colored ministers demanded of Safety Director McKenna that he stop the production. He made a speech asking the crowd to disperse, and promising he would try to have the production discontinued after the performance.

The snow, wind and cold which extended over the territory between the Rocky Mountains and the Missouri river caused heavy loss on live stock and late fruit. The storm is almost unprecedented in severity for this season. Heavy snows are reported from many places, the depth going as high as three to four feet on the mountain slopes. High winds played havoc, especially in Utah and Western Kansas, where a blizzard raged. With wires down and tracks filled with snow, adherence to railroad schedules is impossible. A number of cars were blown from the track in Utah.

No home is so pleasant, regardless of the comforts that money will buy, as when the entire family is in perfect health. A bottle of Orino Laxative Fruit Syrup costs 50 cents. It will cure every member of the family of constipation, sick headache or stomach trouble. Penny's Drug Store.

HARVEY HELM

of Lincoln county.

This is what Editor W. P. Walton, of the Kentucky State Journal, has to say concerning Col. Noel Gaines, who a few days ago sued him for \$25,000 libel: "We were served yesterday with a notice of a libel suit for \$25,000, brought by one Noel Gaines, the only man in Frankfort who could not be libeled, no matter what was said about him. He has been guilty of nearly every crime in the catalogue except murder, and he doubtless would have committed that were he not such a pusillanimous coward. We told him to his face that he is, but he did not have the manhood to resent it. Let him now amend his petition to cover this: He is not only a forger, but a confessed thief, a filthy, disreputable creature, whom to call a man would be a libel on the race. If a jury of his own choosing in the county in which he was born and has lived nearly all his worthless life, will find against us, even on his own testimony, we will gladly pay the amount named in the verdict. We are sure that not a dozen men in Franklin county would believe the cowardly blackmailer on oath."

No man acquainted with the situation doubts that Judge S. W. Hager will be nominated for governor of Kentucky by such a majority as will leave no chance for his opponent to cry that he was counted out. The fairest kind of an election, such as the one on Nov. 6 will be, will show Judge Hager's majority anywhere from 25,000 to 50,000. We believe in the honesty and good judgment of the boys in the trenches. They take no stock in Hays' charges, which have been exploded by the records, and will never agree that such a man shall be chosen for governor of the State. On the other hand they recognize in Judge Hager a man of honesty, probity and an official record beyond reproach. They know that he will make a typical governor, and by the eternal they will see that he is nominated. There is nothing so sure in politics than that he will be nominated for Kentucky's chief executive. Hays is not as strong now as he was before he opened his mouth for he has proved himself a chronic grumbler, and unworthy of further honor.

We hear no more of populism and long whiskered statesmen in Kansas. Cause why? Deposits in Kansas banks have increased more than \$10,000,000 in six months. Farmers have been depositing a great deal of this money. Two years ago so much money was deposited and so little borrowed that the banks refused to accept any more, but the demand for money seems to have overtaken the supply. The banks now hold \$105 for every man, woman and child in the State. Peffer dropped Populism some years ago, and there is no demand from the Sunflower State for cheap dollars and little evidence of wrath at banks, or money, or the East.

They are very much more sensitive in Texas, from the warfare on Senator Bailey, concerning the employment of Senators by corporations, than in New York. Thomas H. Platt receives a salary of \$30,000 a year as president of the United Express Company and \$5,000 a year as United States Senator, which seems to explain why there is no parcels post in this country. Without the smaller salary of Senator, Platt could hardly earn the greater salary as express president.

AND now the Republican managers are saying their majority in Congress is too large and unwieldy. This is a sort of let down for the slump that is to occur on the 6th of November. They claim that they will have a majority in the next Congress of 43, but if the trick is not turned against them entirely they may thank their lucky stars. There is strong probability that the next House will show a working Democratic majority.

We read that there was a smile on Senator Burton's face as he walked into prison. Frequently we also observe that criminals smile when sentences are passed on them, even up to death penalty. These creatures must have a grim sense of humor. Other people think it anything but a laughing matter to be deprived of liberty or life and regard the man who can smile under such circumstances as either a very hardened criminal or a fool.

VOTE for Harvey Helm for Congress on the 6th of November first and then vote in the State primary.

In his speech at Lexington, "Uncle Napo" Hays said he was going to "put some one" in the penitentiary at Lexington if they tried to vote illegally registered Negroes against him, referring to Mayor Combs and Moses Kauffman. If "Uncle Napo" don't mind, the mayor and Moses will be more liable to put him "in," if we know the men as we think we do.

MME PATTIE is about to start on her "seventh farewell tour of the United States. Her voice is not what it used to be, being old and cracked, but as a sucker is born every minute in this country she will continue to catch 'em by the thousands.

POLITICAL.

Charles F. Murphy, the Tammany leader, gave out a statement predicting a majority for Henrat of 75,000 in Greater New York.

W. J. Bryan closed his three-days' campaigning tour in Indiana, speaking at a mass-meeting in Fort Wayne. He has begun his tour of Ohio.

Timothy Woodruff, chairman of the New York State Republican Committee, has sent out a warning to the party leaders. He fears overconfidence, and urges party workers not to belittle the strength of the opposition.

Hon. Polk Laffoon, one of the most prominent men in Western Kentucky, died suddenly at Madisonville at an early hour, of heart disease. For a number of years Mr. Laffoon was a prominent lawyer, and in 1887 was elected to Congress from the Second District. He was 62 years of age. He leaves three children.

Judge Edward C. O'Rear, of Montgomery county, member of the Court of Appeals, will be urged for appointment as United States District Judge of the Eastern district of Kentucky, should Judge A. M. J. Cochran, of that court, go up to the elevation of State Circuit Court upon the elevation of Judge Lorton to the Supreme bench.

Coldwell, one of London's most prominent physicians. She is a beautiful and accomplished young woman and a universal favorite. Jim Williams is a personal friend of the writer, and is held in high esteem as a citizen and business man. With all our heart we wish them a long, prosperous and happy married life.—London Local. The marriage of Mr. Harris Wearen, of this city, to Miss Archie Crenshaw, of Charleston, Mo., was solemnized at the home of the bride's parents, Mr. and Mrs. Joseph Crenshaw, in the presence of the immediate relatives. After the ceremony Mr. and Mrs. Wearen left for St. Louis, where they will spend their honeymoon, returning to Cairo next week, to reside at the Wearen home, 10th and Walnut Streets. A dinner was given at the Crenshaw home by the bride's parents in honor of the happy young couple. Mr. and Mrs. Geo. B. Wearen and Misses Bruce and Hettie Wearen attended the wedding. The bride is a girl of exceptional beauty and most admirable qualities. Possessed of a cheerful, happy disposition and accomplishments that so amply fit her to preside over a home, she will make an ideal wife for the fortunate young man who has won her.—Cairo, Ill., Bulletin. SHOES FOR SERVICE!

The time has come for boots and shoes of "weather weight," made for service, made for the mud, made to keep as near as possible the feet warm and dry. The "Hocker Booter," made in two leathers, the old-fashioned "CALF SKIN" and the soft tanned BOX CALF, made as neat as a Sunday shoe; heavy, good year welt sole, LEATHER LINED, making them as near WATER PROOF as possible. Price, \$5.00. "Honest Mike," you all know him, the only leather coming to this town tanned the OLD FASHIONED way, not by STEAM in 30 days, as others are, but the old COLD LIQUOR way, which takes nearly a year to tan. This way you know preserves the life of the skin, makes it wear MUCH LONGER, makes it NEARER WATER PROOF and causes it to remain SOFT on the foot. The boots are \$1.00; the high top shoes \$1.00; the brogans are \$2.50; in boys' high top \$2.50. The "Level Best," made by the "Honest Mike" people, we believe beyond question the BEST BOYS' SCHOOL SHOE sold today. The uppers are made of the best chrome tanned calf, the soles inside and out, as well as the counter and heels, are made of the very best sole leather and, unlike most other shoes, the top does NOT STOP when its SEWED to the UPPER, but GOES on DOWN and is FASTENED to the SOLE, making it next to IMPOSSIBLE to come apart and being doubled, its warmer and dryer. In Men's \$2.75; Boys', 2 1/2 to 5 1/2, \$2.25; Childs, 10 to 12, \$2.00. These are not things of beauty, but the best goods in the market and sold only by

CHAIRMAN J. F. HOLDAM, of the Lincoln County Democratic Committee, is in receipt of a number of new ballot boxes to be used at the coming primary election, which will be held at the same time as the general election. As both elections will be held at the same time throughout the State, separate boxes will be used in every precinct.

FOR the last several years Charles Back, Robert Chrisman and John W. Eads owned and lived on adjoining farms in Wayne county. Each of these gentlemen sold their Wayne county farms and, strange to say, have located in Lincoln county, near Hustonville, on adjoining land. Mr. Eads having bought John W. Carson's farm of 52 res, at \$75.

IMPORTANT TO TOBACCO RAISERS.—Landlords and tenants in each county where white burley tobacco is raised are urged to meet at their county seats Saturday afternoon, Oct. 27, 1906, at 2 o'clock and appoint delegates to the convention to be held at Winchester Nov. 1, 2, 3, 1906. It is very important that there shall be a large attendance. C. M. Hanna, Chm'n Board of Control.

TO the democrats of Lincoln county: Those of you who think that we can win battles against the common enemy without a hard struggle and a long pull together, are very much mistaken. Go to work and help organize your precinct and let's carry old Lincoln county good and strong for Hon. Harvey Helm for Congress. Let's show the other nine counties of the district what we can do for him when we try.

IN County Attorney Burch's introductory speech of Judge Hager Wednesday, he said that the gentleman to whom Gen. Hays passed his records at the time of the latter's speech here, admitted that in looking over them while Hays was speaking that he—Hays—misrepresented the fees paid attorneys, and that he charged fees up to Hager and his administration that had been paid by Pratt, Breckinridge, Coulter and Taylor. The gentleman further said that he had felt like correcting Hays at the time as to the records he showed and that he was trying to mislead the voters. We wonder who the "gentleman" referred to was and why he didn't correct "Uncle Naps?"

SENATOR JAMES B. MCCREARY will address the voters of this section at the court-house next Tuesday, 30th, at 1:30 P. M., in the interest of his candidacy for U. S. Senator.

DON'T HAVE TO STATE.—The Democratic State Executive Committee rescinded the rule requiring voters to state whether or not they had voted for the democratic nominee for Congress, before they would be allowed to vote in the democratic State primary on Nov. 6th. The committee held that that would destroy the secret ballot system of voting. The election officers do not now have to inquire of the voter if he has supported the Congressional nominee. We were in hopes that the rule would stand as adopted at first.

ROUT-POPE.—At the home of the bride, near Hustonville, Wednesday afternoon at 2 o'clock, Mr. Eugene W. Pope, of Danville, and Miss Pearl Rout were united in marriage by Rev. Geo. W. Mills in an impressive ceremony. Mr. Sam Pope, brother of the groom, and Miss Jennie Powell were attendants. Miss Rout is the daughter of Mr. and Mrs. John B. Rout and is handsome, attractive and quite an accomplished young lady, while the groom is one of Danville's excellent young men and is to be congratulated upon winning the heart of such a lovely young woman. After the ceremony the happy pair drove to Danville, where they will reside. THE INTERIOR JOURNAL extends heartiest congratulations.

THOMPSON-HUGHES.—At the home of the bride at high noon Wednesday at Mt. Vernon, Mr. Logan R. Hughes, of this place, and Miss Annie Thompson, of that city, were married by Rev. L. M. Omer, of this place, in a very impressive and beautiful ceremony. Miss Thompson is the second daughter of Mr. and Mrs. F. L. Thompson and is pretty, attractive and highly accomplished. She has always been a favorite in social circles here and at Mt. Vernon and is very popular with both old and young. Mr. Hughes is one of Stanford's most excellent young men and is to be congratulated upon winning the heart and hand of one of Rockcastle's most charming and beautiful belles. The writer has known Mr. Hughes for many years and we have with great pride watched him grow from boyhood to manhood into being one of this city's leading and best citizens. He is by profession a lawyer, but at present is a member of the firms of L. M. Huey & Co. and L. R. Hughes & Co., of this city. He is a model young man in every respect and none stand higher as a business one. He has been for a number of years a city official in the capacity of city clerk and the duties of that responsible position, like all others, have been faithfully and honestly performed. Mr. Hughes is the eldest son of Mrs. Julia Hughes. The wedding was a very quiet one, only the families of the contracting parties witnessing the ceremony, as but few knew of their intentions. After the ceremony a delightful luncheon was served and Mr. and Mrs. Hughes boarded the Northbound passenger to Louisville and from there to New Orleans and other Southern points of interest on as happy a honeymoon as two loving hearts could wish. The writer extends his hearty congratulations as well as the legion of friends of this happy pair and wishes for them all the joy and happiness that this world affords; and may their journey be a safe and pleasant one. On their return Mr. and Mrs. Hughes will be "at home" to their friends at the St. Asaph Hotel.

Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the greatest discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by Stanford Drug Co.

A report from Casey county says: The corn crop will not be up to the average in this section, as farmers could not properly cultivate it on account of a very wet spell during the time it needed attention. Meadows are good and all live stock is in good condition.

The government crop report for September estimates the total bushels of corn for the United States at 2,700,000,000 bushels; 851,400,000 bushels oats; 857,670,000 bushels wheat; 12,000,000 bales cotton, and 298,800,000 bushels potatoes. Surely the farm and its products are the basis of the prosperity of the government and the people.

Mr. Ewing Young, Stonefort, Ill., Cured by Zemo After Six Years' Torment and Humiliation

ZEMO

POSITIVELY CURES ANY FORM OF SKIN OR SCALP DISEASE

READ MR. YOUNG'S LETTER

E. W. ROSE MEDICINE CO., St. Louis, Mo. STONEFORT, ILL., April 3, 1905.
Dear Sirs:—It is a source of pleasure for me to permit you to use my picture before and after cured by "ZEMO," and to tell what "ZEMO" did for me. I doctored this case of (Acne) pimples for six years and spent several hundred dollars with physicians and specialists. The more salves and creams I used, the worse my face became. Mr. Ira Blackburn recommended "ZEMO." Eight bottles entirely cured me, and I honestly believe "ZEMO" is the best remedy in the world for any skin disease.
Yours very truly,
Ewing Young
